

The Rock Yard, Inc.

Masonry and Concrete Supplies

August 2007

Robert DeRosa Appointed VP of Operations

We would like to announce that Robert DeRosa has now taken on the position of Vice President of Operations. In this role, Mr. DeRosa will be responsible for day-to-day business operations here at The Rock Yard.

His extensive experience within the masonry industry is beyond impressive. Prior to joining The Rock Yard he has served as Vice President of sales for Oldcastle APG West within the state of California, and also oversaw building the second Superlite paver plant in the great state of Arizona.

In his most recent position Robert was General Manager at Dixie Cut Stone, an Oldcastle Company, managing operations for three Michigan locations that sold a variety of hard-scape products, manufactured stone, natural stone, and bulk landscape products, and landscaping accessories. In addition to the retail business, the firm also sold and fabricated granite and limestone.

It is with great pleasure for us at The Rock Yard to introduce him to our extensive family

Do as the Romans Did

The Rock Yard is excited to announce that Olympic Stone & Marble is now exclusively available at anyone of our locations. Olympic imports only the finest hand selected natural stone in travertine and marble for their pavers. These timeless materials have been used for centuries; most Roman architecture is constructed of travertine. This stone is strong, non-skid, long lasting, and aesthetically pleasing. These pavers are sure to have an enduring visual appeal for any of your projects.

Uniquely European

The Rock Yard is proud to introduce Monarch Stone as one of our new exclusive product lines. With an elegant approach Monarch Stone allows anyone to capture a piece of history. These authentically created slices of European Culture are hand selected. For example, their London Street Flags' molds are exact reproductions of hand selected stone reclaimed from the streets of London. These flags come in eleven different sizes allowing the ability to customize.

More for Less

Innovations for living,TM have become more affordable. Owens Corning has a new line available; their ProStone Series offers the same caliber of quality that all their products are known for. The ProStone Series is available in the most sought after textures and colors to perfectly complement a wide variety of designs. Their 25-Year Limited Warranty assures you can be confident that quality is not compromised. When cost is a consideration, the choice is clear.

See You on the Green

Our 2007 golf tournament at Ocotillo Golf Resort was such a success this year and worthy of a standing ovation, thanks to you. For one Friday out of the year instead of grouting, paving and planning we're all able to enjoy a day with customers and friends in the greatest game that ever came out of Scotland. Be sure to mark down April 18th in your calendars for our 2008 tournament which will be held at Whirlwind Golf Club.
